

Incoming **6th** Grader,

All incoming 6th graders are asked to work on an optional enrichment assignment in Khan Academy over the summer. It is due by **Friday, August 28th.**

For your first time logging into Khan Academy you will be prompted to answer a series of questions. Answer them appropriately for your grade.

You are to work on the **Mastery Challenge.**

Below are instructions on how to log into the program.

Be sure NO ONE ELSE is logged into Google on the computer you are using.

Go to [www.khanacademy.org](http://www.khanacademy.org)

Click on the Log In Tab

[Donate](#)

[Login](#)

[Sign up](#)

a.

Sign in with Google

Continue with Google

b.

\*You may be prompted to enter your **school email and password**

\*You may be prompted to answer some questions. Just go through them quickly answering any way you want. This piece does not matter.

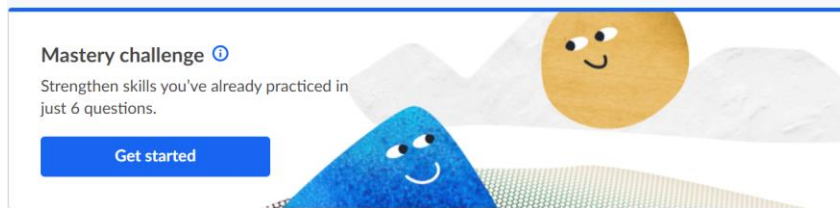

*If you missed the Google Meets where Ms House got you logged into the summer assignment go through the following steps:*

- 1. On the LEFT horizontal menu find TEACHERS*
- 2. In the Join Class section Enter Class Code: G55MBAAA - Deb House should then appear as your coach*
- 3. You are now a member of "5th Grade Summer Assignment"*
- 4. Refresh your page or click on the  to bring you to the home screen.*

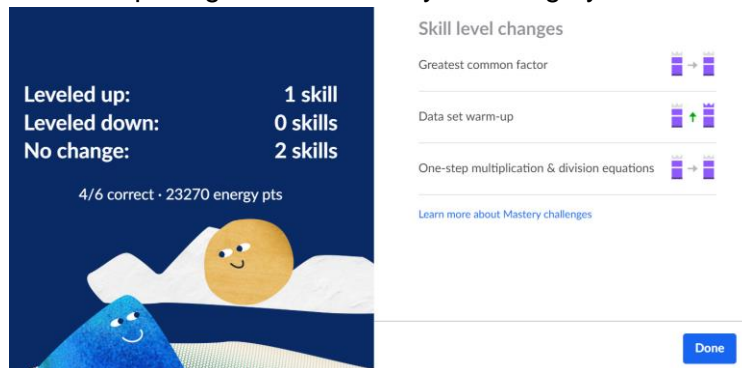

You should see the home screen and a menu on the LEFT side of your screen.

Under **MY STUFF** click on **5TH GRADE SUMMER ASSIGNMENT**

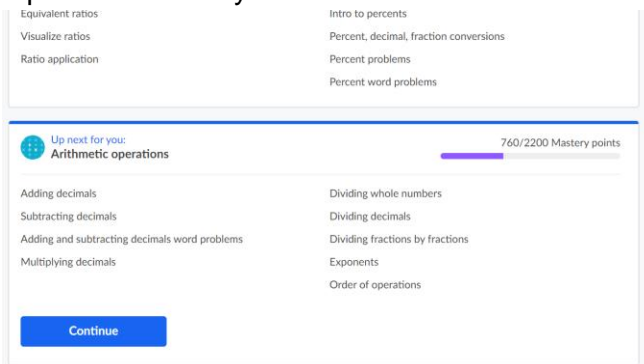

In the center of your screen you should see the following icon above a list of 5th grade topics.

After completing the first Mastery Challenge you will see a screen like this:

When you click **done** you will be taken to the next topic. There will be a **BLUE BORDER** at the top of the section you are to work on. Scroll down the page to find it. See example:

Click continue and look for the Blue Border at the top of the exercises to complete:

### Subtracting decimals

Learn

- ▶ Subtracting decimals: 9.005 - 3.6
- ▶ Subtracting decimals: 39.1 - 0.794

Practice

Subtracting decimals: thousandths

Mastered

---

### Adding and subtracting decimals word problems

Learn

- ▶ Adding decimals word problem
- ▶ Adding & subtracting decimals word problem

Practice

Up next for you:

**Adding & subtracting decimals word problems**

Get 3 of 4 questions to level up!

**Start**

Videos are on the left side and the practice activities are on the right. You want to work through the practice activities.

Once you work through the practice activities be sure to complete the quiz for each section. Quizzes look similar to the following:

## Quiz 1

Level up on the above skills and collect up to 600 Mastery points

[Start quiz](#)

Khan academy will remember where you left off. When you go back in look for the blue border at the top of the unit to work with or click on Mastery Challenge if it reappears.

You may see this button to continue the assignment.
